

# KIDSCIENCE<sup>®</sup>

## ADVENTURES

### AFTER SCHOOL SCIENCE FUN

---

Proctor Terrace Elementary School

**Join us for a fun filled science adventure!**  
Kidscience is dedicated to making science fun for kids of all ages.

Using common materials, we will explore and perform a variety of amazing hands-on experiments. Session lasts six weeks—one hour each class.

Each class will be packed with science fun. Your child will experience science demonstrations, hands-on time with the experiments and make a take home science project each week.

Performing safe and fun science activities creates excitement and enthusiasm for learning as well as develops critical thinking skills.

#### **Explore & Discover: All NEW lessons**

- Make a Reoscopic fluid viewer
- Build a wooden marble run
- Cook with the sun solar ovens
- Amazing chemical reactions and potions
- Gravity toy
- **Plus other hands on science experiments**

**Founder :** Mark Bradski holds a credential in elementary education and is an expert in hands-on science fun. His goal for students is to instill a love of learning and the ability to solve problems with a scientific approach.

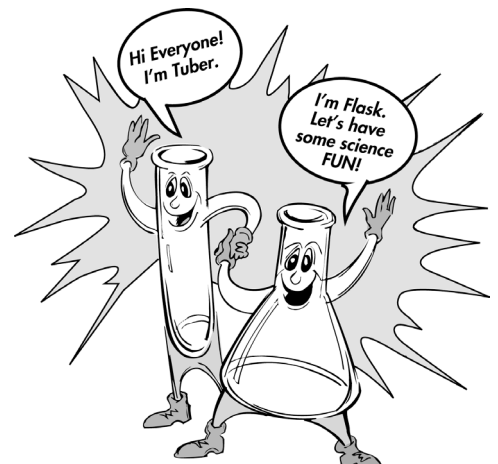

Time: 1:30-2:30pm  
Dates: Feb 12, 19 25, Mar 4, 11, 25  
Location: Room 21
